

Cabernet Sauvignon 2012

Wine with geographical indication
"Dealurile Crișanei"

The hills

Rătești hill side has become famous in the 1700s, from count Károlyi's time, when the Swabians first established here. They had a major contribution in transforming the area and making it a popular wine region for the time. High soil acidity and good exposure make fresh white wines and well balanced red wines, with good aging potential. The grapes for this wine were harvested from all three of our locations: Hodișa, Gereușa and Rătești.

Year Characteristics

2012 was an extremely dry year, but the fruits were not affected. The grapes were healthy and over all the yield was good for such young vines.

About the winemaking

The grapes were harvested in October, and after the alcoholic and malolactic fermentation, the wines were matured in Romanian oak barrels, medium toast, for 23 months.

Tasting Notes

A very intense, full bodied wine, with black currant, cocoa and vanilla flavors.

Serving tips

It can be enjoyed over more spicy dishes, red meat, mushrooms and aged cheese.
To be served at 12°-14°C.

Alcohol	13,6% vol.
Residual sugar	2,56 g/l
Acidity	6,30
