Wine with geographical indication
"Dealurile Crișanei"

The hills

Rătești hill side has become famous in the 1700s, from count Károlyi's time, when the Swabians first established here. They had a major contribution in transforming the area and making it a popular wine region for the time. High soil acidity and good exposure make fresh white wines and well balanced red wines, with good aging potential. The grapes for this wine were harvested from all three of our locations: Hodișa, Gereușa and Rătești.
